

iONprime

For spaces that think for themselves

Push button sensor & room controller

theben

DESIGN MEETS INTELLIGENCE

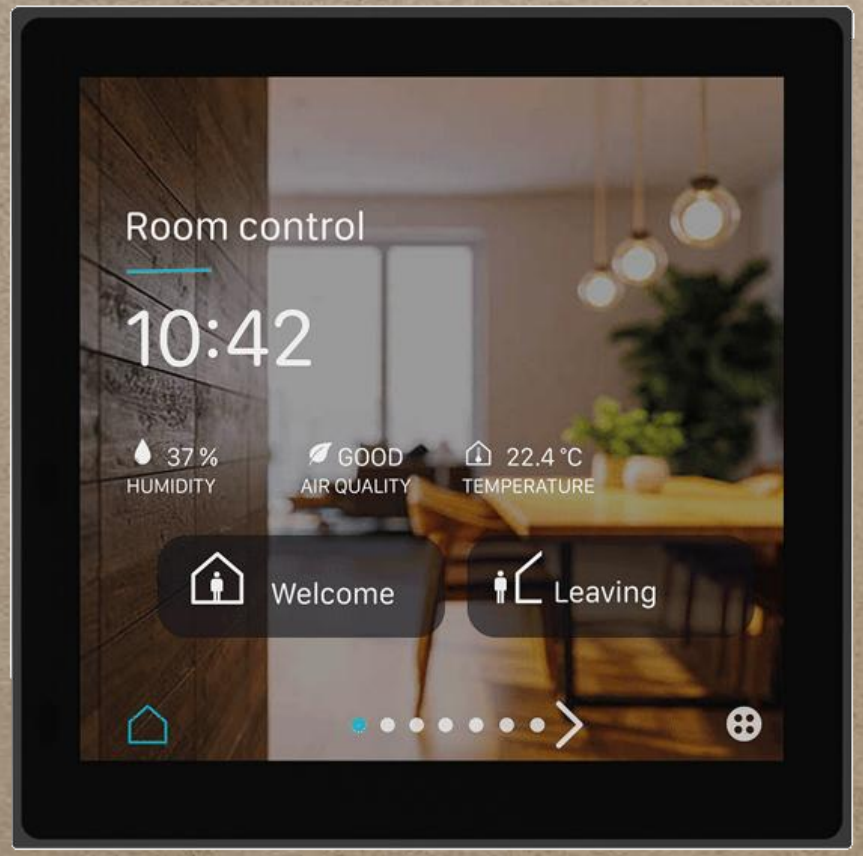

INTUITIVE CONTROL IN ITS MOST BEAUTIFUL FORM

The iONprime series combines technological precision with architectural clarity. Whether as a touch sensor or room controller, the system, with its high-quality metal, aluminum, or brass surfaces, blends harmoniously into any room concept and can be seamlessly integrated into KNX systems.

Minimalist in design, maximum in function.

iONprime CP4 KNX
Room controller

iONprime PB KNX
Push button sensor

iONprime CP4 KNX
Room controller

Room controller with integrated sensors for temperature, relative humidity, proximity, and brightness

4-inch touch screen

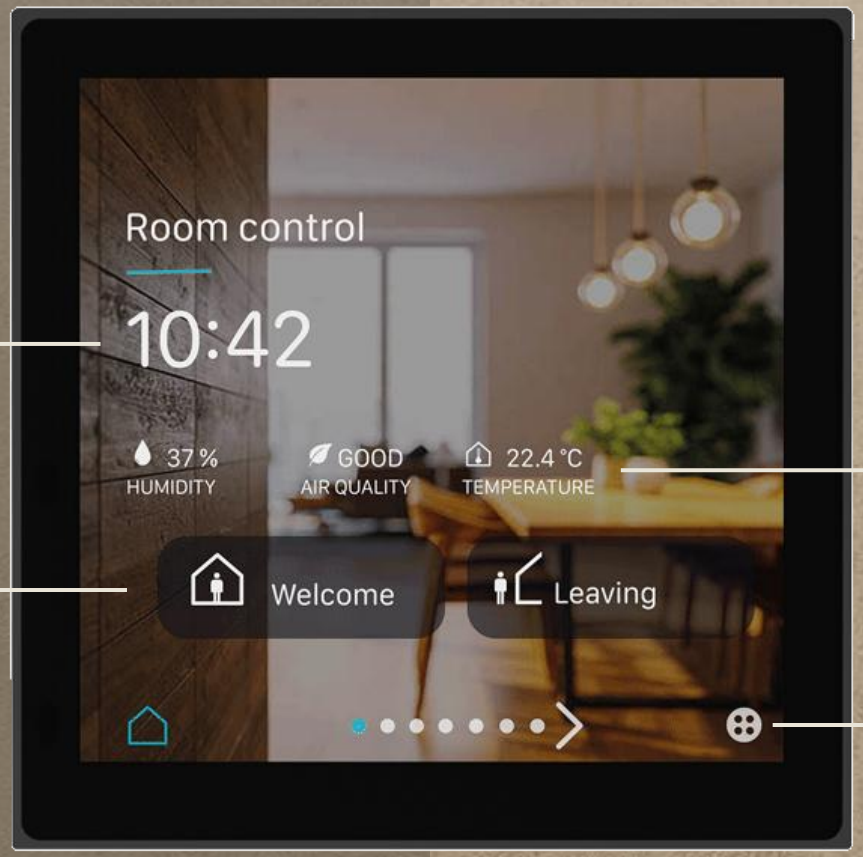

6 pages with 48 functions

Freely selectable background images

theben

Custom lebeling

Display of the current time

2 freely configurable buttons for example, central or group control, scenes, ...

Up to 3 status indicators
based on internal or external values
→ Temperature, humidity, air quality, CO2, VOC, brightness, wind speed

Favorites page freely selectable
→ Press and hold to save the page as a favorite.

iONprime CP4 KNX
Room controller

theben

Up to 8 functions on one page (Switching, dimming, drives, scene, value transmitter, color temperature)

Individual icon for each function

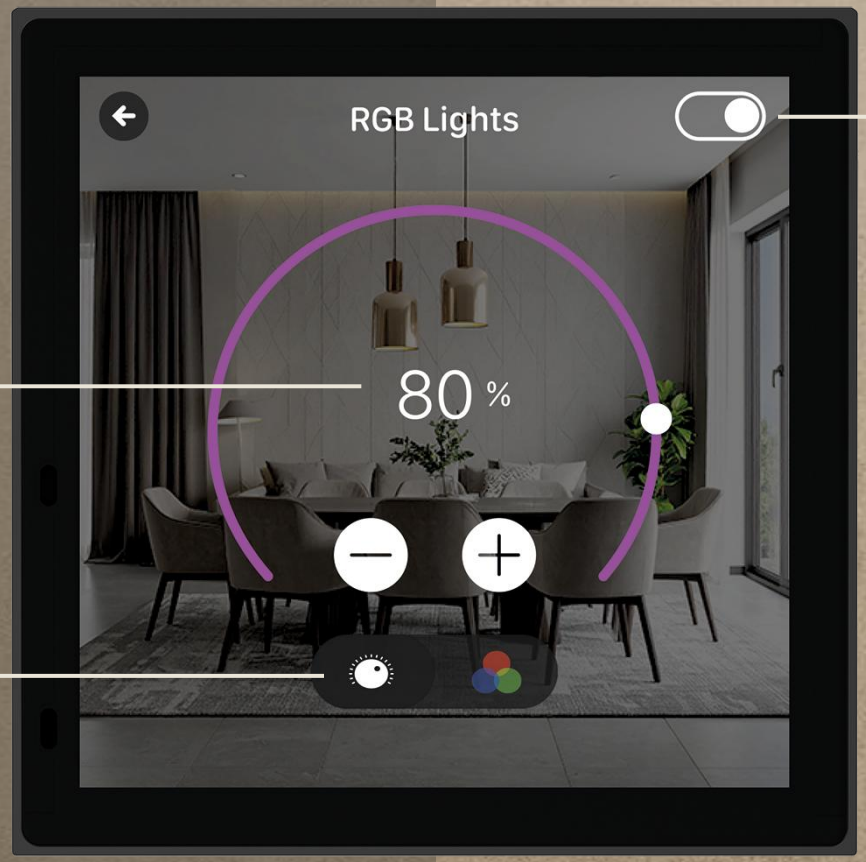

2 additional functions programmable for example, everything off, scenes, …

Freely selectable background images

iONprime CP4 KNX
Room controller

theben

Single function color temperature control

Direct on/off switching of the function

Dimming value display and setting

Color picker for adjusting the light color

iONprime CP4 KNX
Room controller

theben

Single function thermostat
Heating / Cooling, continuous or switching control with optional additional stage and fan control

Thermostat Activate / Deactivate

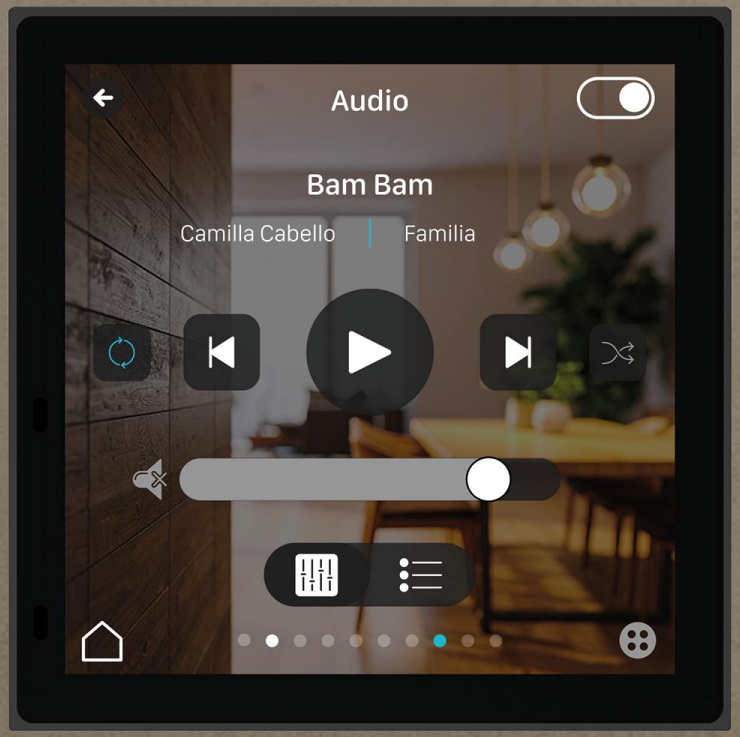

Display and settings
Target temperature, actual temperature, relative humidity (internal sensor)

Display and settings
Heating/cooling operation, fan speed, operating mode

iONprime CP4 KNX
Room controller

And many more…

iONprime CP4 KNX
Room controller

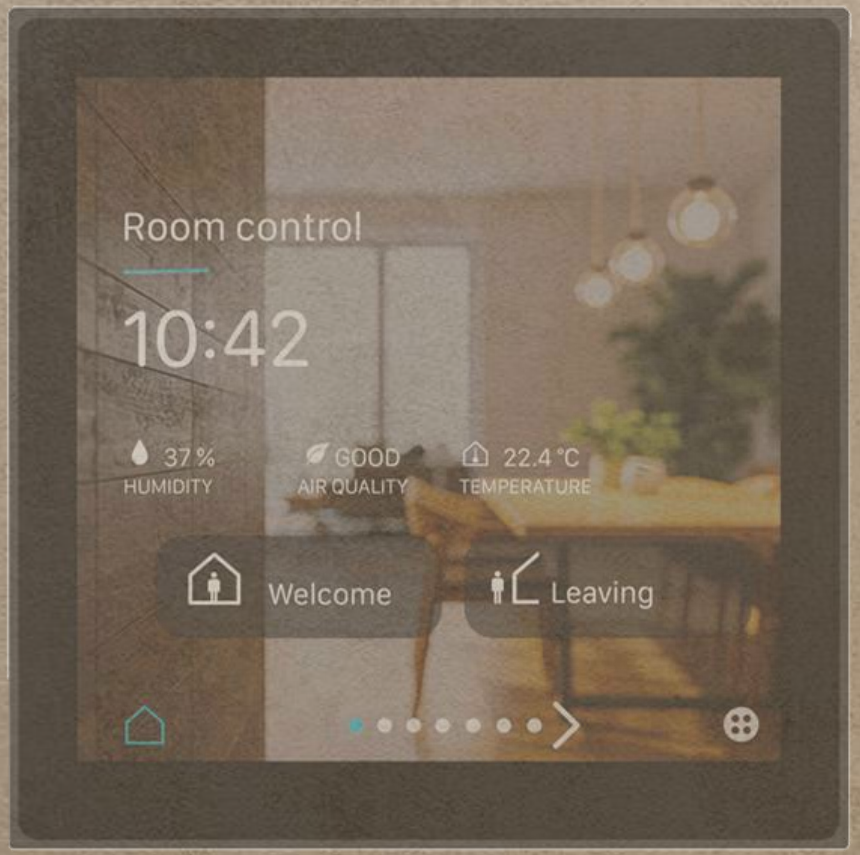

theben

iONprime CP4 KNX
Room controller

System	KNX
Functions	up to 48 functions on 6 pages
Sensors	Temperature, humidity, brightness, proximity
Display	4" Touch panel, 480 × 480 px
Buttons / Operation	Touchscreen (individually configurable)
Material	Glass, aluminum frame
Mounting type	Flush-mounted
Dimensions	86 mm × 86 mm × 12 mm
KNX-Bus	21–32 V DC
Auxiliary supply	12-30V DC
Protection class	IP 20
Operating temperature	–5 °C … 45 °C

Article number.: 4969300

iONprime CP4 KNX
Room controller

iONprime PB KNX
Push button sensor

Sensor für Temperatur, Luftfeuchtigkeit (relativ), AQI (Luftqualitäts-Index), Näherung und Helligkeit

1 Grundgerät für alle Wippen

RGB-Leds pro Taster

Wippen in 3 Varianten
1-fach, 2-fach, 4-fach zur Auswahl
in 7 Farben bzw. Materialien

iONprime PB KNX
Tastsensor

theben

RGB LEDs for status or operation indication
LED brightness adjustable or automatically regulated depending on the ambient brightness

Integrated temperature, humidity, brightness, CO2 and proximity sensor.

KNX-Push button sensor
with integrated bus coupler

Logic function with 4 separate logic channels
(AND / OR / XOR) and up to 4 input objects

Integrated temperature controller
for regulating and controlling the operating mode and temperature

Display and control of up to 8 functions.
Control of functions: switching, dimming, blinds, value transmitter, scene

2 configurable thresholds
for both temperature and humidity

iONprime PB KNX
Push button sensor

theben

iONprime PB KNX
Push button sensor

Article number without rocker : 4969301

System	KNX
Functions	Switching, dimming, blinds, scenes
Sensors	Temperature, humidity, brightness, CO_2, approximation
Display	-
Buttons / Operation	up to 8 buttons with RGB LED
Material	Metal, aluminum, brass, plastic
Mounting type	Flush-mounted
Dimensions	86 mm × 86 mm × 11 mm
KNX-Bus	21–32 V DC
Protection class	IP 20
Operating temperature	–5 °C ... 45 °C

iONprime PB KNX
Push button sensor

The iONprime PB KNX is fully functional with the dust cover (buttons and LEDs).

The dust cover will be replaced with the corresponding rocker switch upon completion..

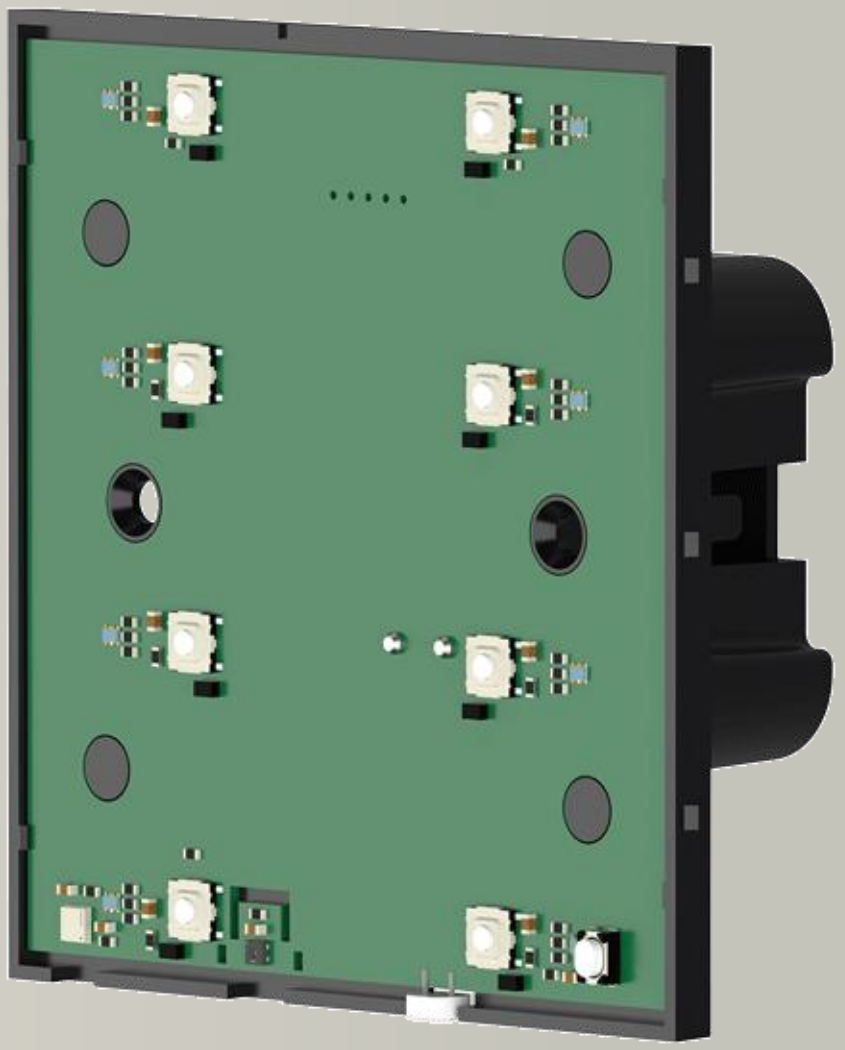

theben

iONprime PB KNX
Push button sensor

The iONprime PB KNX is fully functional with the dust cover (buttons and LEDs).
The dust cover will be replaced with the corresponding rocker switch upon completion.

→ Remove the dust cover

ⓘ The touch sensor can be attached to the mounting plate using plastic screws (included) and secured against unauthorized removal.

theben

iONprime PB KNX
Push button sensor

The iONprime PB KNX is fully functional with the dust cover (buttons and LEDs).
The dust cover will be replaced with the corresponding rocker switch upon completion.

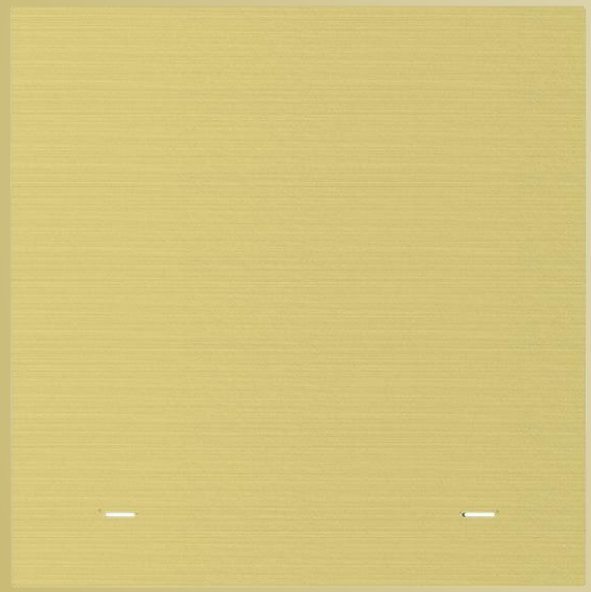

→ Remove dust cover
→ Attach rocker switch
